Located in Gothenburg (HQ), Södertälje, Växjö and Wrocław (Poland). The cornerstone of business is Jetshop Commerce, the largest e-commerce platform in the Nordic region. More than 3,000 companies throughout the Nordic region use Jetshop Commerce for their e-commerce operations and sold for more than SEK two billion in 2013, customers as Liseberg, Norrgavel, John Henric, Sail Racing, Bergans, Twist & Tango, A Days March, Hööks, Scorett. Jetshop have events such as Scandinavian E-Business Camp (SEBC) and Jetshop On Tour.

As a Team Lead my role were to develop strategies for building and delivering customer projects as well as develop the core e-commerce platform. My team consisted of 6 developers and a near-shore team in Wrocloaw, Poland with 6 developers and one tester. By having a clear communication and adopting SCRUM we successfully delivered e-commerce projects for big companies e.g. Astra Zenica, Liseberg, Sail Racing, 24.se, Blomsterlandet, Gröna Lund, Skara Sommarland. The core e-commerce platform were running 2000 e-commerce sites, hosted by us. My team and I delivered ICA's first e-commerce system for their non-food selection. ICA is the leading grocery retailer in the country with 85187 million SEK in sales, with 1270 stores. Another of my favorite customer projects were building Liseberg's first e-commerce site. The first season the e-commerce site had 100 million SEK in sales.
